

MAGNOLIA - Saving MS Millions

If MAGNOLIA was not available to Mississippi libraries, they would have to subscribe to these databases individually. To show the value and cost savings, EBSCO provided pricing for the following institutions and libraries. If these Libraries subscribed to the same package from EBSCO it would cost the State over \$3,515,000. As a statewide consortium, Mississippi is only paying \$1,350,000 (FY23) to provide every publicly supported library in Mississippi with access to 43 databases.
